Subject: START Larry Howard contact info.
Date: Thursday, September 01, 2016 3:42:28 PM

Hi Bryant,

Per our telephone conversation earlier this afternoon, START oversight ops at Lard Oil will down-size to 1 person starting tomorrow. PPM, as of today, is not planning on working the Labor Day weekend, but Larry will be available next week to continue oversight as needed per your direction.

Larry's contact info. is:

225-241-6291;

larry.howard@westonsolutions.com

As of this afternoon, PPM has completed house-washing properties where they have access. They are currently continuing to dig the Lard oil property behind the compromised fence at the bend of Don Ave/ Hazelnut St. and will continue this effort into tomorrow. Following completion, they will begin digging some of the storm ditches and then individual properties.

If you have LDEQ and LDHH reps who will be the main contacts for Lard Oil going forward that you'll want me to keep in contact with, can you forward to me?

Thanks, -keith
